# VERDICT OF GUILTY

FINDLAY, OHIO, JURY RETURNS VERDICT AGAINST STANDARD.

Verdict Was Rendered at an Early Hour Today—Judge Thanked Jury—Men for Their Patience—Defendants Want New Trial.

By Associated Press.

Findlay, O., Oct. 19.—After deliberating thirty-two hours, the jury in the case of the state vs. the Standard Oil company, returned a verdict of "guilty." The charge was conspiracy against trade in violation of the Volstead anti-trust law. The verdict was rendered at 4:35 this morning. No spectators were in the room, aside from Attorney Troup for defendant and Prosecuting Attorney David, and several newspaper men. Before discharging the jury, Judge Banker, addressing them, said: "You deserve all credit and thanks which are due you for your patience and close attention to this case, and I want to thank you for it. This word I express all there is in it and all I can express."

Attorney Troup informed the court he wished to make a motion for a new trial. The judge assured him that all such motions would be entertained as a matter of course. He immediately adjourned court.

This case went to the jury Wednesday evening, repeated attempts being made to agree upon a verdict during the night and Thursday forenoon. At 11:45 o'clock yesterday afternoon the jury, at its own request, was brought before the court, declared it had not reached a verdict, had no request to make, and was told by Judge Banker that he did not feel that the case had been given sufficient consideration, and he therefore ordered the jury to return to its room and give further consideration.

# THE DAMAGE IN CUBA

YESTERDAY'S HURRICANE WAS SEVERE NEAR HAVANA.

Storm Swept Toward Sea and Missed Southeastern Coast of United States—Wires to Cuba Out.

St. Augustine, Fla., Oct. 18.—Frequent messages have been received at the wireless telegraph station here today giving progress of a severe hurricane which swept from Cuba to the lower coast of Florida. Early this morning the storm was reported in the vicinity of Havana, doing great damage there, but details are lacking. Later the storm reached Key West, blowing down small houses and trees, being particularly severe along the water front. As today were on the storm reached Jupiter, where it is stated the wind blew seventy-five miles an hour.

Wires are down south of Jupiter, and no wireless reports have been received from the Miami district. The storm is fast moving in this direction. Residents on Anita Island have been warned and some of them have moved over to this city.

# Storm Carried to Sea.

Washington, Oct. 18.—The tropical hurricane which swept over Cuba, breaking cable communication, and passed off the southern and eastern coast of Florida today, cutting off communication south of Jacksonville and flooding various places in its course, is tonight apparently safely away from land. The storm swept with terrific force, but its path was hardly more than fifty miles wide. It raged last night in Havana, leveling the inland wires, passed over the west end of Cuba, its vortex crossed Sand Key and Key West with winds blowing at least seventy-two miles an hour, tipped the east coast of the peninsula and swept on northward out to the ocean.

# FEDERATION TO ENID.

Club Women Will Meet There Next Year.

Lawton, Okla., Oct. 18.—The annual convention of the Oklahoma Federation of Women's clubs adjourned here tonight. Enid won the contest for next year's session. The entertainment offered the delegates today included a drive to Fort Sill, the Comanche Indian school and Chief Geronimo's home in the Apache village.

# MARIETTA FINE STOCK

CAPTURED SEVENTEEN PRIZES AT FORT SMITH STOCK SHOW.

J. C. Washington Had With Him His Prize Winning Durhams—Cattle now in Dallas—Will Be Taken to Shreveport and San Antonio.

J. C. Washington, a prominent cattle man of Marietta, and a large land holder, was in the city last night. Mr. Washington was en route to his home from Fort Smith, Ark., where he has been for the past four days, attending the big stock show held in that city. Mr. Washington displayed his show herd of sixteen shorthorn Durhams at Fort Smith during the stock show, and has numerous ribbons as evidence of the superiority of his cattle. With his show herd, composed of sixteen of the prettiest bulls, heifers and calves, on the southwest range Mr. Washington captured seventeen ribbons. Ardmore people will remember the herd as having been here last year, and on display at the fat stock show. Mr. Washington was successful at Fort Smith, as he was here, in capturing many of the ribbons. In his suit case were seventeen blue and white ribbons as evidence of his fine breed of cattle. With his imported bull, Baron Bull, imported from Scotland, Mr. Washington took the first prize in the junior yearling class. There were two other bulls, imported from the same place at the time Mr. Washington brought his bull over, that were also in the contest. In the three year old class, he took second with Royal Lester. He took third in the junior yearling class with 57th Duke of Twinoak, a native raised bull. In the calf class, he won both second and third place with 93 and 94, Mary of Twinoak. In the aged herd, he took second, and in the young herd, second. Second for a pair over six months and under one year. Third in junior calf class, with 94, Duke of Twinoak. Second, with Mary of Twinoak. Second in the three year old class, Third with the forty-second Mary of Twinoak, in two year old class. In the yearling class he took first with sixty-fifth Mary of Twinoak, second with Royal Bertha and third with Royal Bruelet. For pair of yearlings under six months old, first place.

Mr. Washington has cause to feel exceptionally proud of these ribbons when won from such cattle as are owned by J. E. Brown of Granbury, Texas, David Harrell of Liberty Hill, Texas, Campbell Russell of Russell, I. T. Col. Myalls and Col. McFarland of Fort Smith, Ark., who had entered cattle in the prize show.

Mr. Washington left this morning on an early train for home. His cattle which occupy, with equipments and attendants, seventeen cars, have been shipped out of Fort Smith for Dallas where they will be put on exhibition. From Dallas they will be taken to San Antonio and Shreveport, and then back home on the range.
